EXCLUSIVE NOT FOR PROFIT COMMUNITY

HLB Mann Judd is deeply committed to Australia's growing NFP sector and in 2010 the firm founded the ENFP Community together with the Commonwealth Bank.

Through our desire to partner with the sector, we developed an annual program of boardroom briefings, a quarterly newsletter and an exclusive online community that has more than 1500 key industry leaders in the NFP sector across Australia and New Zealand.

This community is exclusive to those working in and with the NFP sector. It enables members to collaborate with their peers, discuss challenges and openly share ideas. We encourage new ideas and often engage in lively forums with differing views.

The ENFP LinkedIn group is a platform for sharing information including past presentations and recordings, regulatory updates, job news and the opportunity to network with like-minded individuals.
